

Workshop

1. Social Media OSINT

Complete this form performing OSINT investigations into an AI-generated character

https://docs.google.com/forms/d/e/1FAIpQLSe9oYCKqzICwVU-bMizeWLnK58mC8WrdlsLhAQxfAOJpCi9Q/viewform?usp=sf_link

2. Google Dorks

Work through the list in this GitHub page use the commands and see what interesting information you can find about Warwick University or to try and enumerate information specifically about Neera if possible. Think about looking through pages found on the university website

<https://gist.github.com/sundowndev/283efaddbcf896ab405488330d1bbc06>

The commands on this page are very interesting. Try them out too.
